

# Membership Application

The Maryland Photographic Society (MPS), formerly know as the Chesapeake Antiquarian Photographic Society (CAPS), established in 1971, is open to all who have an interest in photography and in the study and preservation of our photographic heritage.

MPS holds quarterly meetings with a program related to photographic history, which include an annual dinner, field trips, visits to private collections, 'show and tell'; picnics, guest speakers and more.

Dues are only \$20 per year and this entitles members to attend all MPS events (annual dinner is an extra cost), to vote and hold office. All members will be added to our mail and email listing and will be notified of upcoming events.

The society maintains a web site at: <http://brightbytes.com/caps>

The email address is: [mps@brightbytes.com](mailto:mps@brightbytes.com)
